ARTEMESIA +

DESCRIPTION

Artemesia + is a vegetarian dietary supplement that contains a combination of plant extracts that support the body's elimination of unwanted microorganisms while helping to maintain proper immune system and G.I. tract functions.*

Artemesia + is designed to support:

- Detoxification and the elimination of unwanted microorganisms*
- The Immune System *
- The Gastrointestinal Tract*
- Healthy Cell Function*

Olive (*Olea europaea*) Leaf Extract yielding oleuropein supports antioxidant and immune system functions within the body.* Olive Leaf Extract has been used traditionally to help the body eliminate unwanted microorganisms. Wormwood (*Artemesia annua*) and Pau D'Arco support the healthy functioning of the digestive, respiratory, immune, and circulatory systems. They help support detoxification within the body and help decrease the levels of unwanted microorganisms within the body. They also support healthy cell functions and help regulate inflammatory processes within normal ranges.

Grapefruit Seed Extract assists the body in maintaining healthy bacteria in the G.I. tract while helping to expel unwanted microorganisms like bacteria, protozoa, viruses, and fungus.

Black Cumin (*Nigella sativa*) Seed and Garlic Extract (odorless) help support healthy circulatory, G.I. tract, respiratory, immune, and detoxification processes within the body and help eliminate pathogens and parasites from the digestive tract.

Black Walnut (*Juglans nigra*) Green Hull supports normal cell function and contains tannins that have an astringent effect on mucosal tissue.
