

Core Immune Support

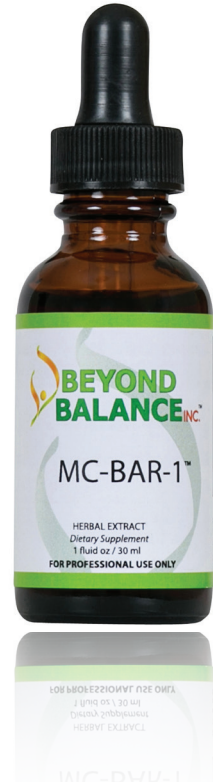

MC-BAR-1™

MC-BAR-1™ is an immuno-supportive formula that may be helpful for those coping with the challenges of tick-borne illness.* Studies reveal Oregon Grape, Burdock root, Sarsaparilla and Pau d'Arco may have the ability to both inhibit microorganisms, as well as, support immune function.* Burdock root has been shown to contain active compounds assisting in the detoxification of the blood.* Research shows Blessed Thistle may support the body's ability to fight against microbial activity, while exhibiting a reduction in cytokine responses.* Further research reveals that both Mullein and Pau d'Arco may also aid in reducing inflammation.* Umbrella-like in nature, MC-BAR-1™ may be used in conjunction with the other Beyond Balance core formulas.* *It is highly suggested to use the appropriate TOX-EASE™ formula when recommending MC-BAR-1™.** This may assist in eliminating significant Herxheimer reactions.*

Suggested Use:

Start with 1 drop, 2 times daily. Gradually increase drops until desired results are achieved. *For gentler effect, begin with as little as 1 drop, 1 time daily.* On average, you may be able to gradually add 1 drop per dose per week. You may be able to add a third dose per day for greater results. Dosage does not usually exceed 25–28 drops, 2–3 times per day.

WARNING: If pregnant, nursing, or taking medications, consult your healthcare professional before use.
