

Probiotic 25 Billion

This high-potency 25 billion probiotic caps provides a combination of 12 different strains of beneficial bacteria important to optimal intestinal health. Probiotic supplements contain live, “friendly” bacteria promoting proper digestion, aid in production of vitamins, and defend -against potentially harmful bacteria.

FUNCTIONS

Often modern Western diets lack the beneficial microflora that are as important to health as any required vitamin or nutrient. Stress, disease, aging, exposure to toxins, or use of antibiotics can reduce the numbers of beneficial bacteria and set the stage for digestive disorders, yeast infections and inflammation. This formulation contains:

- **A synergistic blend of 12 probiotic species:** These 12 safe, well-studied probiotics provide a broad-spectrum of benefits that help restore intestinal microbalance more effectively compared to single strain formulas.

- **Protective delivery system:**

This product utilizes a proprietary technology that protect probiotics against destruction by harsh gastric conditions, resulting in significantly more live microorganisms delivered to the small intestine than unprotected probiotic formulations.

- **Hypoallergenic ingredients:**

This product is free of the following common allergens: milk/casein, eggs, fish, shellfish, tree nuts, peanuts, wheat/gluten, corn, yeast, and soybeans. Contains no artificial colors, flavors, or preservatives.

INDICATION

This product can be used by children or adults as a daily supplement to support gastrointestinal function and provide probiotic support for people with intestinal dysbiosis, increased intestinal permeability (“leaky gut”) or yeast compromise. Probiotics are vital to the maintenance of normal intestinal microflora.

FORMULA

Serving Size: 1 Capsule

Serving Per Container: 60

Amount Per Capsule:

Probiotic Blend (25+ billion CFUs) 179 mg*

Lactobacillus rhamnosus 6.0+ billion CFUs*

Bifidobacterium bifidum 5.0+ billion CFUs*

Lactobacillus acidophilus 3.0+ billion CFUs*

Lactobacillus casei 2.5+ billion CFUs*

Lactobacillus plantarum 2.0+ billion CFUs*

Lactobacillus salivarius 2.0+ billion CFUs*

Bifidobacterium longum 1.0+ billion CFUs*

Streptococcus thermophilus 1.0+ billion CFUs*

Lactobacillus bulgaricus 1.0+ billion CFUs*

Lactobacillus paracasei 0.5+ billion CFUs*

Bifidobacterium lactis 0.5+ billion CFUs*

Bifidobacterium breve 0.5+ billion CFUs*

* Daily Value not established

SUGGESTED USE

1-2 capsules daily with food. If using antibiotics, take this product several hours before or after their use.

STORAGE

Probiotics are sensitive to warm temperatures and moisture. Keep refrigerated with the lid tightly shut to minimize entry of moisture into the bottle.
